## *user manual*

### USER MANUAL (ALL INSTALL VERSIONS)

---

#### **Legal note**

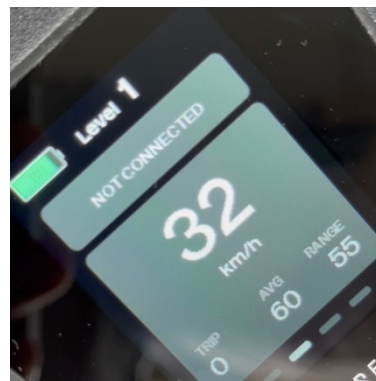

The iSpeed blackbox is not to be used in normal road traffic or in areas regulated by the Road Traffic Act! Use is only permitted on private property. The use of the iSpeed blackbox is entirely at your own risk and responsibility. The manufacturer accepts no liability for loss of warranty, damage to property and/or persons arising from the use of the product.

#### ***iSpeed added functionality***

1. Turn on the bike and press the bell button within 10 seconds to enter the iSpeed setup menu. The display will show the current max speed setting.
2. Use the “up” and “down” support setting buttons to select the desired max speed
3. After 10 seconds of inactivity iSpeed will return to normal mode and the new max speed is set
4. In case you want to quickly switch back to 25km/h press the bell button 3 times in 1 second

Turn on and press bell

Setup: Select max speed
